NCREIF serves the institutional real estate investment community as a non-partisan collector, validator, aggregator, converter and disseminator of commercial real estate performance and benchmarking information. Our members include investment managers, investors, consultants, appraisers, academics, researchers and other professionals in the real estate investment management industry.

NCREIF is a data service provider that meets its members' need for high quality, transparent, timely and accurate commercial real estate data, performance measurement and benchmarking indices, investment analysis, reporting standards, research, education and peer group interaction, by:

- Developing and producing performance measurement indices, benchmarks and actionable, related information;
- Encouraging industry, academic and member use of NCREIF data for objective analysis and research;
- Providing forums with strong educational content to address industry issues and to improve industry best practices;
- Publishing informed, industry-related articles and reports; and
- Sponsoring the Reporting Standards initiative with a mission to establish, manage, and promote transparent and consistent reporting standards for the real estate industry in order to facilitate informed investment decision-making.

NCREIF is a member-driven, not-for-profit association that improves private real estate investment industry knowledge by providing transparent and consistent data, performance measurement, analytics, standards and education.
WHAT WE DO

Conferences

NCREIF holds two conferences a year for the membership to gather, discuss and advance the industry.
